

UCLA INTERNATIONAL HLA DNA EXCHANGE

Class I and Class II

For the past fourteen years, pre-isolated DNA has been sent out every two months to as many as 140 laboratories worldwide to test for Class I and Class II HLA alleles. The Exchange allows laboratories to validate methods and procedures, serves as an external QC program to meet ASHI/Federal regulations and also serves as an external QA program to check outside assessment of performance.

The DNA Exchange offers:

- .. Class I and Class II typing for \$600USD.
- .. Participation fulfills ASHI accreditation requirements for DNA proficiency testing.
- .. Individualized consensus reports on each exchange.
- .. 36 unique and interesting samples / year.
- .. Sufficient time for testing - 6 weeks.

If you are interested in participating in this DNA Exchange, please fill out the Order form on the back and return by fax or mail. The subscription for 36 pre-isolated samples per year is \$600.
